## Appendix A

### NCCC West Region “Gentlemen’s Agreement”

In an attempt to promote more successful events in the region, **each club in the West Region can reserve one weekend a year where the other clubs attempt not to schedule events opposite that club’s *primary weekend*.**

Since there are a limited number of weekends available to hold events during the spring, summer and fall months, scheduling conflicts due to availability of facilities and the like will undoubtedly occur. Accordingly, **it is agreed that some non-speed events may be scheduled opposite a club’s *primary weekend*,** as long as they conform to the NCCC rulebook. Nonetheless, stepping on other club’s events may be the source of ill will from the host club of the *primary weekend* towards the club stepping on their events and be looked at with disdain by some of the other clubs in the region. Thus, it is recommended that every effort be made to not schedule events during another club’s *primary weekend*. However, if such a conflict is unavoidable, the best way to avert ill will among clubs is for the governors to talk to each other to attempt to work out a solution or at least explain why the conflict cannot be avoided.

**This agreement in no way is meant to supersede the NCCC rulebook concerning such matters.** As long as the conditions in the NCCC rulebook are met, the RCD will grant sanctions to clubs that decide not to honor this “gentlemen’s agreement” and decide to schedule events on top of another club’s primary weekend.
