We will give this a try at the February meeting. Governors who join in on the call will be considered in attendance for the West Region meeting. However, for the NCCC Governors meeting their proxies will be used. Kathy will be sending out the proxies to the Governors to sign and return to her.

West Region Banquet will be hosted by the Cornhusker Corvette Club and held in Omaha on March 20, 2022. The flyer with all the information is posted on the West Region website. RSVP should be returned no later than February 28, 2022 to the Cornhusker Corvette Club.

Revisions to the membership application, however, not yet on the website. Nan will send out an email with a copy of the new application after this call. Also she will be sending out club information and would appreciate the Governors keeping her updated with any changes.

Members are informing her that they are not receiving information via email or snail mail. Need to stress to members to inform their Governor of any changes to either addresses. She also thanked the governors for their assistance at renewal time.
